# UÉVORA Summer School'21

## **Teaching methodology**

This summer school will be delivered as a combination of lectures, class debates and exercises, as well as readings. The works shall be complemented by media sources and interactive study experience (virtual visits to the EU institutions, simulation game, learning how to navigate through the official website of the European Union: official documents; reports, studies; statistics and opinion polls).

## **Evaluation**

This course is assessed through one written essay (65%) and an oral presentation of each individual essay (35%).
